ORDERING INFORMATION: PLEASE READ

FEB 1978

1. PAYMENT: My terms are payment with your order.

2. MINIMUM ORDER: $30 at wholesale prices. I set no minimum on how many copies of each item you must order . . . but you must *average* at least three of each item. Orders for one or two per item do not qualify as wholesale orders and should be calculated at retail.

3. DISCOUNT: Where no discount is listed you may take a complimentary 10%.

4. SHIPPING IN U.S.: I normally ship everything except posters by U.S. Mail. Posters go by UPS provided you give me a street address (a P.O. Box is not adequate). On orders *under* $50 include 5% extra for postage and on orders *over* $50 include 3% extra.
If you wish your order to be shipped UPS (it is faster, particularly on the West Coast): include 10% if your order is under $50, 6% if it is over $50. *And* state clearly that you desire UPS shipment . . . don't bury it in a letter or at the bottom of your order!

5. BACKORDERS: With the number of items I handle it is impossible to keep everything in stock at all times; particularly when I work with small, unreliable publishers. Please tell me if you prefer a refund or a backorder if I am out of anything but expect more shortly. If you'll list a few alternates it will help a lot.

SQUA TRONT 7

ROY G. KRENKEL produced some beautiful and strange illustrations as samples for *Creepy* and *Eerie* covers in the early sixties. These 14 pages of hitherto unseen drawings show a different side of Krenkel's imagination; one of mummies, wizards, werewolves and the undead, rather than his more familiar heroic figures of antiquity. Six pages in full color, including front and back cover.

HARVEY KURTZMAN's extremely rare 1949 comic, "Lucky Fights It Through," is reprinted as a full color sixteen page insert! Kurtzman hoped his art on this anti-VD book would convince Bill Gaines that he could do dramatic comics. It did, and he began doing stories for *The Vault of Horror* and *Weird Science* shortly afterward.

BILL ELDER did the last and least known EC "thank you for your note" spread, caricaturing all the EC artists in the inimitable Elder style, published here for the first time since it was mailed out to EC readers in 1954. Also, a previously unpublished Elder cartoon in full color.

JACK DAVIS has, as in everything he does, made more animated commercials than most people realize. Some of the best have only been shown locally (like the Utica Club "Big Sid" beer ad in upper New York state). Here is a complete illustrated filmography, including a full color original background illustration.

The **EC FANZINES**, Part II, tells the full story of the 1954 *Potrzebie*. An article by Larry Stark from the first issue is reprinted. We've uncovered unpublished material intended for *Potrzebie* that even its editors didn't think existed.

SWIPE FILE uncovers some surprising old and recent swipes from EC art.

Also in this issue: endpapers by **AL WILLIAMSON** and **BERNIE KRIGSTEIN**; a supplement to last issue's Krigstein Bibliography; letters from readers — and more.

Order now to receive your copy as soon as it comes off the press. All copies will be mailed in a sturdy heavy cardboard mailer. Send $4 to:

THE FIRST KINGDOM

THE FIRST KINGDOM is a epic novel.

From a carefully plotted outline, writer artist Jack Katz is spinning the fabric of legend into an incredible 768 page tapestry. Twenty four books, one every six months, will be needed to complete the story of the hero Tundran and The First Kingdom.

In the first 7 books Jack has already created the stuff of legends and myths. He's conceived and masterfully executed characters of awesome and tragic human flaws and frailties, strange twists and turns of fate, battles of gods and goddesses, both good and evil, massive and intricate alternate versions of heaven and hell, and an ever spinning story... with timeless relevancy and humanity in its telling.

THE FIRST KINGDOM is an epic revolution.

It is a Graphic Novel. It is a novel with plots and sub plots, protagonists and antagonists, depth and integrity... told as much with pictures as with words. Not only has Jack described his visions, but he's delineated them as well.

And he's made the art an integral part of the telling of the story. Concept, words, and pictures – all forged from the same mind and unfettered by editors and censors.

There lies the speed and revolution. Jack Katz represents a renaissance. He's read almost from the nether regions of the cosmic at comic companies and left with a totally unrestricted vision. He's been watching the next ten years of his life as one massive project. That's an overwhelming concept. But Jack's not a man of idle words and broken promises. He's a man of his word. I've always respected men who walk to a different drummer. I've always had faith in those who've stood by their visions, value your contribution. The Kentucky Graphic Novel is possible.

In fact, it's here!

And the legend is growing.

ANNOUNCEMENTS

I'd like to encourage everyone to support THE COMIC JOURNAL by giving it a try and prompting it in your shop or dealings. The publisher nearly folded due to lack of funds, so we made a deal and I've gone out "on a limb" by purchasing thousands of copies to give Mr. Groth the money to continue publishing. I think TCJ is a very entertaining and worth hile magazine, with intelligently written articles and interviews, letters, columns and artwork. There should be a place in fandom for such a thought-provoking forum, whether you agree with every viewpoint or not.

If you with to phone in your order (usually for UPS/COD shipment), please give the person on this end shipping instructions, backorder instructions and clear descriptions. Please don't put together your order on the phone; it'll save us time and you money if you have everything ready to be given to us when you call. Of course, we'll always tell you about any new material if you wish.

Shipping instructions should be spelled out loud and clear on your order blank. If you have a convention or event coming up and you need super-fast service, let us know right at the top of your order and we'll do our best. If you have any questions or problems, please put them on a separate page from your order. We can't read much correspondance until after your order is filled and possibly shipped, so if you separate items having to do with the order from those other particulars, it'll help us to do a better job. Thanks!

If you have any defective material that you wish to return, please write to us first and we'll send you a credit memo to enclose with the material so that we can keep everything straight and give you proper credit when it comes in.

Due to a disagreement with Ellie Frazetta, from whom I purchase my posters, I will no longer be handling any Frazetta posters. I regret that I can't provide you with this service any longer, even though I've never gotten or been able to offer a standard profit margin on these. I suggest you write to Camelot, 912 Clay, Houston, TX 77002 for your future Frazetta posters. I do still have a good number left within this list so feel free to order these while they last.

If you are not already using the HOT OFF THE PRESS advance ordering system, I strongly suggest it would be to your benefit to do so. Over 100 dealers now have many continuing magazines and comics shipped to them this way. As soon as each new item comes in I ship it straight out to you, with a bill due in two weeks. This way you have the new item as quickly as possible yet you don't have to pay for it until its in your hands! Since I receive many items direct from the printers, there's many times no faster way to stay up with those important new publications.

Last, I wish to apologize for the delays you may have encountered between mid-November and mid-January in receiving your orders. Everything went wrong at once around here...In early December, while many more orders than normal always come in, I lost two very good and valuable people, Steve and Joyce. Thru December I had to interview and then train two new people, Brennan and Anna. In early January I finally found a third new person to help us catch up and perform better in the future, Ann, who is now helping Mike and Brennan in packing. Also back in December we had the electricity go off for two days! It wasn't a good month for fast service and I am extremely sorry if any problems were caused because of any delays. We are now in the best shape we've ever been, with Mike, Brennan and Ann packing, Anna and myself "pushing paper" among other assorted jobs, and Bob, who helps pack and lends invaluable support with layouts for this flyer and other ads. This should all show in the coming months in better and faster service. Thanks to you for your continued support!
